Bathroom Remodeling Project Checklist

Use this worksheet to prepare for estimates, compare proposals, and document the final handoff. Requirements vary by project and location.

Before requesting quotes

- [ ] Define the project scope in writing
- [ ] Compare at least three detailed quotes
- [ ] Confirm waterproofing method
- [ ] Verify exhaust fan sizing and vent route

Before signing

- [ ] Confirm the written scope, products, allowances, exclusions, and payment schedule
- [ ] Ask who obtains permits and schedules inspections
- [ ] Request proof of applicable insurance and licensing
- [ ] Document how changes and hidden conditions will be priced

Before work begins

- [ ] Photograph the work area and protect belongings
- [ ] Confirm site access, work hours, cleanup, and debris removal
- [ ] Record selected products, model numbers, colors, and warranties
- [ ] Identify the daily contact and emergency procedure

At final handoff

- [ ] Walk through the completed work before final payment
- [ ] Collect permit approvals, warranties, manuals, and lien releases where applicable
- [ ] Photograph the completed project and note punch-list items
- [ ] Schedule recommended maintenance and keep extra materials

Planning note: This checklist is general information and does not replace project-specific advice, contracts, permits, inspections, or licensed professional services.
